[Verse 1]

Girl there's something about me that you outta know
I've never felt the need to lose control
Always held on back and played it slow
But not this time baby don't be gentle
I can handle anything

[Chorus]

Baby take me on a journey
I've been thinking lately
I could use a little time alone with you
Crazy let's do something maybe
Please don't take your time
You got me right where you want me
Whooa
Right where you want me

[Verse 2]

Girl I'm gonna let you have your way with me
When you move like that it's hard to breathe
I never thought that it could be like this but I was wrong
Baby don't be gentle I can handle anything

[Chorus]

Baby, take me on a journey
I've been thinking lately
I could use a little time alone with you
Crazy let's do something maybe
Please don't take your time
You got me right where you want me

[Bridge]

Can't explain it how you swept me off my feet
unexpectedly
In slow motion my imagination's running trying to keep
my body still ooh
I can hardly stand the thrill, yeah!!
Baby don't be gentle I can handle anything

[Chorus]

Baby, take me on a journey

I've been thinking lately I could use a little time alone
with you
Crazy let's do something maybe
Please don't take your time
You got me right where you want me
Baby take me on a journey
I've been thinking lately
I could use a little time alone with you
Crazy let's do something maybe
Please don't take your time
You got me
Whoaa
You got me right where you want me
