Staring out at the rain with a heavy heart  
It's the end of the world in my mind  
Then your voice pulls me back like a wake up call  
I've been looking for the answer  
Somewhere  
I couldn't see that it was right there  
But now I know what I didn't know

Chorus:

Because you live and breathe  
Because you make me believe in myself when nobody  
else can help  
Because you live, girl  
My world has twice as many stars in the sky

It's alright, I survived, I'm alive again  
Cuz of you, made it through every storm  
What is life, what's the use if you're killing time  
I'm so glad I found an angel  
Someone  
Who was there when all my hopes fell  
I wanna fly, looking in your eyes

Chorus

Because you live and breathe  
Because you make me believe in myself when nobody  
else can help  
Because you live, girl (you live)  
Because you live  
My world  
My world  
Has twice as many stars in the sky  
Because you live, I live

Because you live there's a reason why  
I carry on when I lose the fight  
I want to give what you've given me always

Chuors:

Because you live and breathe  
Because you make me believe in myself when nobody  
else can help

Because you live, girl  
My world  
My world has twice as many stars in the sky

Because you live and breathe  
Because you make me believe in myself when nobody  
else can help  
Because you live, girl  
My world has everything I need to survive

Because you live,  
I live,  
I live  
Ohhhhh
