Can we not fight no more
I don't wanna feel the pain we've caused
Let's call a truce tonight 'cause my cards are down
Feeling like the only one
Know you're here but I still feel alone
Too much too fast my love
We're lookin at the door

We've been moving too fast
Baby, with nowhere to go
Every chance we have seems to go up in smoke
Send an SOS, yeah, 'cause we b'bout to choke
This flight could go down
Crash and burn
Crash and burn
Crash and burn
Crash and burn
Crash and burn

Pilot to copilot baby we burnin up
Adding fuel to the fire, we're ruining our love
Memories of what you used to be keep telling me
I can't let you go
Instinct says I'm where I need to be
And I bet you're feeling the same way as me
Baby you can think of ways, I wanna make it right
We've been moving too fast
Baby with nowhere to go
Every chance we have seems to go up in smoke
Send an SOS, yeah, 'cause we 'bout to choke
This flight could go down, (down, down, down)
Crash and burn
Crash and burn
Crash and burn
Crash and burn
Crash and burn

Look at how far we have come
We still can get it back, we still can get it back
The damage can all be undone
We'll just take baby steps, we'll just take baby steps

We've been moving too fast
Baby with nowhere to go
Every chance we have seems to go up in smoke
Send an SOS, yeah, 'cause we 'bout to choke
This flight could go down
Crash and burn
Crash and burn
Crash and burn
Crash and burn
Crash and burn
