Can we not fight no more?
I don't wanna feel the pain we've caused
Let's call a truce tonight
'Cause my guards are down.

Feeling like the only one
I know you're here but I still feel alone
Too much too fast my love
We're lookin' at the door.

We've been moving too fast
Baby with nowhere to go
Every chance we have just seems to go up in smoke
Send an SOS yeah cause we 'bout to choke
This flight could go down
Crash and burn
Crash and burn
Crash and burn
Crash and burn
Crash and burn.

Pilot to copilot, baby we burnin' up
Adding fuel to the fire, we're ruining our love
Memories of what used to be keeps haunting me
I can't let you go.

Instinct says I'm where I need to be
And I bet you're feeling the same way as me
Baby you can think of ways
I wanna make it right.

We've been moving too fast
Baby with nowhere to go
Every chance we have just seems to go up in smoke
Send an SOS yeah cause we 'bout to choke
This flight could go down

Crash and burn
Crash and burn
Crash and burn
Crash and burn
Crash and burn.

Look at how far we have come
We still can get it back, we still can get it back
The damage can all be undone
Let's just take baby steps, let's just take baby steps.

We've been moving too fast
Baby with nowhere to go
Every chance we have just seems to go up in smoke
Send an SOS yeah cause we 'bout to choke
This flight could go down
Crash and burn
Crash and burn
Crash and burn
Crash and burn
Crash and burn.
