Everybody here is feelin' your vibe
Eyes glued, hands up 'cause you're doin' it right
Everybody get the chance to shine
So don't be shy now

Did you know that everyone's a star?
Big time, it don't matter who you are
Flip the beat and we're switchin' it up, yeah
It's your time to

Get your get your get your shine on
Get your get your get your shine on
Get your get your get your shine on
Too hot, too hot
Get your get your get your shine on
Get your get your get your shine on
Get your get your get your shine on
Don't stop, don't stop

Doin' what you're doin' up against the wall
You know you wanna dance or you wouldn't be here at
all
Everybody's got it goin' on and on and on
It's on tonight, yeah

Show a little eh, eh, eh
You know I like it when you uh, uh, uh
Everybody wanna uh, uh, uh ohh oh oh oh

Get your get your get your shine on
Get your get your get your shine on
Get your get your get your shine on
Too hot, too hot
Get your get your get your shine on
Get your get your get your shine on
Get your get your get your shine on
Don't stop, don't stop

Ohh, everybody
Ohh ohh, it's time to party
Time to show what you can do, yeah
Everyone should

Make you feel good
You can, you will, you know you got the moves

Ohh ya
Everybody here is feelin' the vibe
Eyes glued, hands up 'cause you're doin' it right
Everybody get the chance to shine
Baby come on don't be shy now

Show a little eh, eh, eh
You know I like it when you uh, uh, uh
Everybody wanna uh, uh, uh

Show a little eh, eh, eh
You know I like it when you uh, uh, uh
Everybody wanna uh, uh, uh oh oh oh oh oh ya

Get your get your get your shine on
Get your get your get your shine on
Get your get your get your shine on
Too too hot, too hot
Get your get your get your shine on
Get your get your get your shine on
Get your get your get your shine on
Don't stop, don't stop

Get your shine on
Get your get your get your shine on
Get your get your get your shine on
Too hot, too hot to shine
Getcha shine on
Come on
Too hot, too hot

Get your get your get your shine on
Get your get your get your shine on
Get your get your get your shine on
Too hot, too hot
