[Sara]
Mmm-Mmm-Mmm-Mmm-Mmm-Mmm
The common thread
That lies between you and me
Would break if you breathed on it
That's why I'm treading so carefully

[Sara: speaking]
Okay, your part's coming up next
1, 2, 3

[Jesse]
The view from your eyes
Is too different than mine
I should know finding the truth in a lie
Is nothing but a waste of time

[Both]
I do but I don't
I should but won't
Cause I don't wanna be alone

[Both]
Knock on my door
Oh, we've run out of time
Break into my heart and rob me blind

[Jesse]
Just leave the pieces scattered on the floor

[Both]
Don't worry my heart's been broken

[Sara]
before
