"Kissing You Goodbye"

Doesn't matter much what you will say
Cause I am leaving you now anyway
Oh, oh
Gonna have some fun just for a change
And you can't do a thing to make me stay
Oo, oo yeah
Gonna throw away your picture in the rain
Cause they don't mean a single thing

I just wanna have some fun with someone
So bye bye baby, bye bye

[Chorus:]

Kissing you goodbye
Starting a new life
Now I know that finally I'm done and through with you
You are not the one
Who can give me all

Kissing you goodbye
No more needs to try
Now I know exactly what I wanna do with my life
You will not be there
Cause we have nothing more... to share

I have never been so satisfied
With anything before my life
No, no
Leaving you was the best thing I could do
I'm so glad that we were broke

[Chorus]

Finally... I can see (I can see)
We were never meant to be... Woah

Kissing you goodbye
Starting my new life
Now I know that finally I'm done and through with you
You are not the one

Who can give me all

Kissing you goodbye

No more needs to try

Now I know exactly what I wanna do with my life

You will not be there

Cause we have nothing more... to share

Kissing you goodbye...
