Sorry for all the times that he lied
And left your heart hanging
I can't imagine what that feels like
But that was another place
And that was another time
It's not fair to blame me for all his crimes

Just for a minute
Give me a chance let me inside
Just for a minute
Baby just for a moment
Let me prove I'll do things right

Let down your guard
And show me your colours
Don't fight it anymore
Show me you're with me
Open your arms
I'm not like the others
So don't fight it anymore
No,
What will it take for me to make you see?
I'm not your enemy

Funny how the day that he left
I wasn't even there
It's become a nightmare
But I'll never rest
Till you give your all
I'll take nothing less
Till I hear happily after the end

Just for a minute
Give me a chance, let me inside
Just for a minute
Baby just for a moment
Let me prove I'll do things right

Let down your guard
And show me your colours
Don't fight it anymore
Show me you're with me

Open your arms
I'm not like the others
So don't fight it anymore
No,
What will it take for me to make you see?
I'm not your enemy
How do you expect things to get any better?
If you keep me on the side line
Don't you know there's a million things I wanna do
But you gotta meet me half way
You gotta try

Let down your guard
And show me your colours
Don't fight it anymore
Show me you're with me
Open your arms
I'm not like the others
So don't fight it anymore
No,
What will it take for me to make you see?
I'm not your enemy
