Baby, you're a star
I'm rollin' out the red carpet for you on the floor (on the floor)
'Cause anything and everything I'm gonna give you when you come to my door (door)
And I make you the air I'm taking without you I'm suffocating I can't let you go (let you go)
'Cause everything else I don't need around me I been hooked since you found me
Baby, look how I'm diving below

Chorus:

Girl you are my (OXYGEN)
Girl you are my (OXYGEN)
Girl you are my (OXYGEN)
Ehh
Girl you are my (OXYGEN)
Girl you are my (OXYGEN)
Girl you are my (OXYGEN)
Yeah
Girl you are my oxygen
Yeah
Without you don't think I could live
No
'Cause baby on you I depend
Yeah
Girl you are my oxygen
Wohh

What good are money and clothes and million dollar homes if I ain't got you around
'Cause see the thought of you gone leavin' me here all alone the tears start rollin' down
Wanna kiss your finger tips and your lips baby it's somethin' I can't live without
'Cause everyone else around don't mean a thing I got everything I need
Baby, in your love I'm swimmin' now

Chorus: w/ adlibbing

Girl you are my (OXYGEN)
Girl you are my (OXYGEN)

Girl you are my (OXYGEN)

One second without you, you know that I die for sure
I'm dependent on you I can't do this on my own
Everything else I can do without I hope you know
You are my oxygen without you I couldn't live
