[Verse 1]

I could tell by the look in her eyes  
Maybe I'm just another one of her lies  
'Cause I know we've been through this so many times  
Still I'm here though I'm burning up inside

[Chorus:]

And I try to walk away but I keep telling myself  
She's the one for me  
'Cause her love is so contagious  
It keeps pulling me in  
We were meant to be  
And I can't leave her  
So, we're right back in the water

[Verse 2]

I could tell by the look in her eyes  
All my friends keep telling me now's the time  
But I know  
Just the notion saying goodbye  
Breaks my heart it tears me up inside

[Chorus]

And I try to walk away but I keep telling myself  
She's the one for me  
'Cause her love is so contagious  
It keeps pulling me in  
We were meant to be  
And I can't leave her

[Bridge]

So, we're right back singing  
Ooooh, ooooh c'mon, ooooh, ooooh c'mon  
I wanna walk but there is something that won't let me  
Singing, ooooh, ooooh c'mon, ooooh, ooooh c'mon  
She's the one that's always there

[Half of Verse 1]

I could tell by the look in her eyes  
Maybe I'm just another one of her lies

[Chorus]

And I try to walk away but I keep telling myself  
She's the one for me  
'Cause her love is so contagious  
It keeps pulling me in  
We were meant to be  
And I can't leave her  
So, we're right back in the water  
Ooh-oooh-oooh-oooh  
Right back in the water  
Yeah
