Verse 1:

It's been three years since we said goodbye  
Man, what a run  
Resenting everything about you just because I wasn't  
loved  
I know it hurt you, and now we're dissing  
I didn't think you'd take my place  
But I'm done with visioning if things were different  
Think I'll need a second chance

Chorus:

We'll start with I love you  
It's feeling like the first time  
We'll start with I love you  
Even though it's been some time  
I'll put my cards on the table  
Girl I'm ready, willing, able  
Let the past be the past,  
Move on and make it last  
I can breathe his love and clear my throat  
And start with I love you

Verse 2:

A thousand different faces may have passed us by  
We would try  
But time wouldn't heal what we felt inside  
And we find that he don't love you  
Like I love you  
Girl I can swallow my pride  
Cause she don't know me, like you know me  
I can't keep on living this lie

Chorus:

We'll start with I love you  
It's feeling like the first time  
We'll start with I love you  
Even though it's been some time  
I'll put my cards on the table  
Girl I'm ready, willing, able  
Let the past be the past,  
Move on and make it last

Ima breathe his love and clear my throat  
And start with I love you

Verse 3:

Iâ€™m the love of your life  
Donâ€™t even think twice  
If you havenâ€™t said it,  
You gonna regret it, say it, say yeah  
And tell her â€™I love youâ€™

Chorus:

Weâ€™ll start with I love you  
Itâ€™s feeling like the first time  
Weâ€™ll start with I love you  
Even though itâ€™s been some time  
Iâ€™ll put my cards on the table  
Girl Iâ€™m ready, willing, able  
Let the past be the Wast,  
Move on and make it last  
Ima breathe his love and clear my throat  
And start with I love you
