[Verse 1]

Woke up around a half past 10
Cant believe that I'm late again
Put down about a quart of caffeine
To start my pulse and then
I grab my jeans off the floor
Then I hit the door
Its just the same old same
It goes to show you never know
When everything's about to change

[Chorus]

Just another day
Started out like any other
Just another girl
Who took my breath away
Then she turned around
She took me down and
Just another day then I
Had the best day of my life

[Verse 2]

Can't say exactly what it was
She's not the usual type
She wore a cowboy hat
With her red Prada boots
And a Gwen Stefani smile
Then she pulled out a pen
And surprised me when
She wrote her number on my hand
Then she was gone
But from now on
I'm gonna be a different man

[Chorus]

Just another day
Started out like any other
Just another girl
Who took my breath away
Then she turned around
She took me down
Just another day then I

Had the best day of my life

[Bridge]

I guess it goes to show
You never really know
When everything's about to change

[Chorus] x2

Just another day
Started out like any other
Just another girl
Who took my breath away
Then she turned around
She took me down
Just another day than I
Had the best day of my life

.. Started out like any other [x2]
.. Had the best day of my life
.. The best day of my life [until fade]
