I'll tell you one time, so listen real close,  
I'm the best of the best, don't even have to boast,  
Coast to coast, they know what I be,  
Don't want enemy, and nobody steps after me,  
Don't wanna start somethin', and there'll be  
nothin',  
You never heard of me? Im'ma skool you somethin',  
If you ain't got game, don't step to the floor,  
Just pack your bags, and leave the town, hahaha!

(Chorus)

Get up and away. Up, up, and away.  
Better move out the way, girls! here she comes!  
You ain't never seen nobody get hot like,  
What I'm about to show you is gonna be the highlight.  
Get up and away. Up, up, and away.  
Better move out the way, 'cause here she comes!  
Everybody! Ev-everybody!

Get up and away. Up, up, and away.  
Better move out the way, girls! here she comes!  
You ain't never seen nobody get hot like,  
What I'm about to show you is gonna be the highlight.  
Get up and away. Up, up, and away.  
Better move out the way, 'cause here she comes!  
Everybody! Ev-everybody!
