I get this feeling in my head every time you come
around baby
You leave this feeling in my legs every time you come
around baby
I think I'm in another place just because you are around
me baby
I wanna live inside this place every time you are around
me baby

Chorus

You and I are one in the same
Been this long and has not changed
Ever since the first time I knew all about you
You and me is meant to be
You and me is 'us' and 'we'
You and me is all I see baby
You and me we through the stars
You and me have come so far
You and me is all I see baby
Just you and me
You and me, you and me
Just you and me babe

Verse 2

This is no ordinary love, let me be the first to say (say
it)
I'm not afraid to let you know that your girl is going
nowhere (nowhere)
Its such a different kind of space every time you come
around me baby
I wanna live inside, please let me live inside this place
when you are around me baby

Chorus

You and I are one in the same
Been this long and has not changed (it hasn't changed)
Ever since the first time I knew all about you (I knew all
about you)
You and me is meant to be
You and me is 'us' and 'we'
You and me is all I see baby
You and me we through the stars
You and me have come so far

You and me is all I see baby
Just you and me
You and me , you and me
Just you and me babe
You and me is meant to be
You and me is 'us' and 'we'
You and me is all I see baby
You and me we through the stars
You and me have come so far
You and me is all I see baby
Just you and me
You and me , you and me
Just you and me babe
