Go upstairs, take off your clothes
I've got something for you tonight
Lit the candles, put down the shades
Gonna make you feel alright

Baby, I've been burning up
Longin' for you within
It seems like it's been so long
I couldn't wait to see you again

You had the longest day
For whatever reason, I, I understand
So let's kiss and let's hug
And let's touch like only we can

Go upstairs, take off your clothes
I've got something for you tonight
Lit the candles, put down the shades
Gonna make you feel alright

There'll be no interruptions
We've got the whole place to ourselves
And if there's something's on your mind
Want you to tell me and no one else

'Cause right now
I wanna be the only person on your mind
So let's kiss and let's hug
And let's touch like only we can, baby

Go upstairs, take off your clothes
I've got something for you tonight
Lit the candles, put down the shades
Gonna make you feel alright

Go upstairs, take off your clothes
I've got something for you tonight
Lit the candles, put down the shades
Gonna make you feel alright

'Cause right now
I wanna be the only person on your mind

So let's kiss and let's hug
And let's touch like only we can

Go upstairs, take off your clothes
I've got something for you tonight
Lit the candles, put down the shades
Gonna make you feel alright

Go upstairs, take off your clothes
I've got something for you tonight
Lit the candles, put down the shades
Gonna make you feel alright

Yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah

Go upstairs, yeah, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah

Go upstairs, take off your clothes
I've got something for you tonight
Lit the candles, put down the shades
Gonna make you feel alright

Go upstairs, take off your clothes
I've got something for you tonight
