Spend the night alright

(Chorus)

Baby, it's OK

Honey, it's alright

You want to spend the night

Oh, it's alright

(Verse 1)

Oh, so fine

And you're being kinda shy

Ooh, but that's alright

Girl, I think I know

What's on your mind, oh

'Cause it's getting late

And you're still here with me

Don't be afraid

To say what you really mean

(Chorus x 2)

(Verse 2)

Baby, I can see

I can see that you're in need

So, put your trust in me

And you won't have to wait any longer

I'll turn off the lights

So you can get in the mood

And when the time is right

I'll give all of my love to you

(Chorus x2)

(Breakdown)

(Chorus x2)

(Bridge)

If it's love that you desire

I can keep you satisfied

Then baby you can always come to me

Yes, you can, sugar

Give you what you want and more
That's all that I've been waiting for
And anytime you might want to
Spend the night
It's alright

(Chorus to fade)
