It's like I've never been here before
Look at you now, I don't want to wake you
To tell you I feel something more
More then before, I'd be lost without you

In my eyes, there's just you and no other
In my heart, there's no doubt that you're mine
Suddenly I wonder if I told you
What I feel inside

If it doesn't show, baby you don't know
I need you, need you, I need you in my life
To you I wouldn't lie, I'll be true, be true
'Coz if you never told how would you ever know
That baby you're the one I love

Girl, if you could read my mind
Then you would see that it's just you and me
And a love that has no sense of time
Pictures of you, now and forever

In my eyes, there's just you and no other
In my heart, there's no doubt that you're mine
Suddenly I wonder if I told you
What I feel inside

If it doesn't show, baby you don't know
I need you, need you, I need you in my life
To you I wouldn't lie, I'll be true, be true
'Coz if you never told how would you ever know
Baby, you're the one I love

Let me relate to you baby
There's no need to have any doubt
I love you and I'm gonna say the words
I love

If it doesn't show, baby you don't know
I need you, need you, I need you in my life
To you I wouldn't lie, I'll be true, so true
'Coz if you never told how would you ever know
That baby you're the one I love

Love, love, I love
Baby, you're the one I love
