He said
I think you know my name
He said
I think you know what I came here for

And if you don't really like it
You walk out that door
If you don't really like it
You don't have to keep asking for more
Right here on this floor

He said
That I was the only one
He said
That we would have so much fun

Well, I tried and I tried
To get back on my foot
The lines on my face
Tell me that I need sleep again

Well, I just pretend

He said
I think you know my name
He said
I think you know what I came here for

And if you don't really like it
You walk out that door
If you don't really like it
You don't have to keep begging for more
Right here on this floor

Alice in Wonderland
Put out your hand
If you were made out of stone
I'd know that you'd catch me
Oh, if you could
'Cause I'm made of wood
