Tell my boy  
I've been thinking about him tonight  
A december's day, gone astray  
Well, he took the fall  
'Cause some things in life  
Are still worth a good brawl  
Two hearts lost in the fray

Tell the boys  
Tell the boys  
Tell the boys  
Things we don't know  
Words lovers say when they're letting go  
Dropped through the arms of a thief  
The planes fly in low  
Taking me down past those tracks in the snow  
A december's day, gone astray

Tell the boys!
