Pretty Claire with flowers in your hair  
Where did you stay last night?  
She's been sold on that old rock 'n roll  
Now sitting home just don't suit her right  
Now she'd much rather Nudge  
It's against my better judgement  
To go and do The Nudge with you

I know woman with your evil eye  
You upset my soul  
There ain't a thing this chick won't try  
She's just got to be told  
All about the Nudge  
It's against my better judgement  
To go and do The Nudge with you

Shilly Shally she's got a brand new thing  
And if you ask her she might show you  
The boyfriend got Shilly a diamond ring  
To make sure Shilly Shally stays true  
Cause she just loves to Nudge  
It's against my better judgement  
To go and do The Nudge with you
