I've tried everything I know  
But I still see you everywhere I go  
On the sidewalk by the park where we first kissed  
I can still feel every touch and tenderness

Everywhere I go, everything I see  
Everything I do, you are here with me

Everything I touch, every sound I hear  
Everywhere I turn, you are there  
You are there everywhere I go

Don't say that time won't right all wrongs, no  
'Cause I don't have the strength to last that long  
In the shadows where the broken heart, it cries  
You will find me lost in memories I can't hide from

Everywhere I go, everything I see  
Everything I do, you are here with me

Everything I touch, every sound I hear  
Everywhere I turn, you are there  
You are there everywhere I go

Everywhere I go, everything I see  
Everything I do, you are here with me

Everything I touch, every sound I hear  
Everything I feel, you are there now

Everywhere I go  
Everywhere, baby  
God, You're everywhere I go
