I'm looking for blue eyes
Has anyone seen him
Don't you tell me
He gave up on me

I'm looking for blue eyes
I've got to find him
'Cause something tells me
He's looking for me

There was a time when
Blue eyes said he'd love no other
His one and only love
He swore I'd be

There was a time when his blue eyes
Saw clearer than mine did
Storms and rain, tears and pain
Bring me back his way

Looking for blue eyes
Has anyone seen him
No don't you tell me
He gave up on me

I'm looking for blue eyes
I've got to find him
'Cause something tells me
He's looking for me

I'm looking for blue eyes
Has anyone seen him
Don't you try to tell me
