Kiss my stomach  
Watch me sleep  
But you don't know  
What's inside of me  
Watch me breathe  
I'll let you see  
And as the story unfolds  
You're handing me my coat

You want me here  
But not as your girl  
This silencing pain  
Shut me out  
Push me away  
Put down the guitar  
Can you hear what I say?

Do you think you'll ever know?  
And will you miss me if I go?  
Cause I'm so confused  
And there's nothing left to do  
No nothing left to guess of you

Close your eyes  
Try to think  
But you don't know  
What to do with me  
Hold me here  
Just to sleep  
And as time passes by  
I can't keep on this lie  
You want me here  
But not as your girl  
This silencing pain  
Shut me out  
Push me away  
Put down the guitar  
Can you hear what I say?

Do you think you'll ever know?  
And will you miss me if I go?  
Cause I'm so confused

And there's nothing left to do  
No nothing left to guess of you

And you say  
You say  
I talk too much  
Of yesterday  
Say I cant  
I can't walk away  
But you'll see  
You just weren't listening

Do you think you'll ever know?  
And will you miss me if i go?  
Cause I'm so confused  
And there's nothing left to do  
No nothing left to guess of you
