It wont be long  
It wont be long  
Until I'm over you  
Until I am thru  
Until I'm unto the next one  
Don't worry baby ill be quick  
Like a shot gun

So come on light me up  
Laying in the sun  
My coffee in my hand  
With every word i said  
You let my bad habits  
Get right under your skin skin  
Come on lets fire it up  
I'll turn around and put you out out  
Turn around and I'll say goodbye  
Don't worry baby there's not time to cry

Should've seen it taking place  
Spun a web of lies  
Until you couldn't breathe  
Should've seen it now you're just too late  
It's not a crush it's just a game

It wont be long  
It wont be long  
You got your 10 foot walls  
It won't help your cause  
Cause I'm already on the inside  
It wont be long  
It wont be long  
You thought you had me where you want me boy  
You should've seen it from the get go  
You're the one with all your chips in play  
You should've folded now it's too late

Should've seen it taking place  
Spun a web of lies  
Until you couldn't breathe  
Should've seen it now you're just too late  
It's not a crush it's just a game

As I lay you down to sleep  
Close your eyes  
Pray Mother Mary  
You've got to protect me  
Yea Mother Mary  
Don't let her forget me

Should've seen it taking place  
Spun a web of lies  
Until you couldn't breathe  
Should've seen it now you're just too late  
It's not a crush it's just a game
