"Stay"

I watch you thru my fingertips
As I begin to breathe
And I watch you sitting next to me
Feel my heart skip a beat
And I watch you walk right out of here
With my heart up your sleeve
Yea, I'll watch you as you walk away
But I hope you never leave

Stay
Cause maybe you love me
Stay
Cause maybe you need something new
And stay
Cause we aren't supposed to
Stay
Cause I want you to.

And I think about you late at night
I don't think I can sleep
Yea, I think about you all the time
Yea, I'd like you next to me
And I think about you kissing her
With my heart up your sleeve
Yea, I'll think about you either way
But I hoped you stick with me

Stay
Cause maybe you love me
Stay
Cause maybe you need something new
And stay
Cause we aren't supposed to
Stay
Cause I want you to.

Oh Baby
Cant you see
You ain't never gonna find a girl like me
So Baby don't you pass this by
Speak up before you're out of time
Step it up

I need a man
Shake it off if you give a damn
So Baby don't you pass this by speak up before you're
out of time.
Stay
Cause maybe you love me
Stay
Cause maybe you need something new
And stay
Cause we aren't supposed to
Stay
Cause I want you to.
