"Your Kiss"

I was lost
And alone
I gave up
I gave in
Threw out love
In the cold
Didn't think I'd do it again
I searched all over the world
But none do like you do
And I just can't lie cause I'm so hypnotized
By your lips

Now the world spins in my head
Turning over and over again
I'm all butterflies and
I gotta confess
At night I just dream of your kiss

I saw you
Wanted to
Give up
Just give in
Vulnerable
You where there
Walked me home
Offered your coat
I'd searched all over the world
But none do like you do
So I just can't lie
I'm just so hypnotized
By your lips
Now the world spins in my head
Turning over and over again
I'm all butterflies and
I gotta confess
At night I just dream of your kiss

We could go dance the night away
'til we see the sun
Or stay up all night
Sleep in and do nothing
It doesn't matter long as your near me

It could be you and me
Me and you
Nothing in our way
It would be so sweet
But...
Now the world spins in my head
Turning over and over again
I'm all butterflies and
I gotta confess
At night I just dream of your kiss
Now the world spins in my head
Turning over and over again
I'm all butterflies and
I gotta confess
At night I just dream of your kiss
