(Verse 1)

Yeah  
The cameras ready hold it steady we gon' let it go  
The lights are flashin gimme action, let me see a show  
'Cuz when we tape we gon' make it like a magazine  
Ya wana see me do it bump it on the plazma screen

And it like anybody else it gona see  
Imma put it up and keep it just for me  
So let me turn it on and I can be your star  
'Cuz you know I go hot (oh)

(Chorus)

Gonn' make you cinematic, it's not magic  
Gonn' make you cinematic, so good at it

(Verse 2)

Hot as an oven wearin' notin' but a bellyring  
I Turn it over, imma show ya' how I do my thing  
And I ain't stoppin' got it poppin on the video  
It's so erotic, so exotic when we're physical

And it like anybody else it gona see  
Imma put it up and keep it just for me  
So let me turn it on and I can be your star  
'Cuz you know I go hot (oh)

(Chorus)

Gonn' make you cinematic, it's not magic  
Gonn' make you cinematic, so good at it  
(If your tryin' to make that funky tonight...  
And your ready for that close up, then get ya xxx up

(Jessi) You got it hey hey you got it (X2)

(Bridge)

You got me feelin' ready and I'm over with doin' thangs  
I never expected to do, secretly I do for you  
You got me feelin' crazy we're taping a freaky scene  
Now you can show them your body  
(Oh you can show them your body)

(Chorus)

(Oh) Gonn' make you cinematic, it's not magic  
(Come make your magic with me)  
Gonn' make you cinematic, so good at it  
(Gonn' make a move tonight)  
Gonn' make you cinematic, it's not magic  
Gonn' make you cinematic, so good at it

(I'll be your superstar)

Come make a movie with me  
Come make a movie (I'll be your star)  
Come make a movie with me  
Come make a movie (I'll be your star) (X3)
