Lately, I been thinkin' 'bout you goin' crazy,
Can't go on without you in my life
It's true
What you wanna do
You can be my boyfriend
I can be your girlfriend

Here there baby, what's the deal?
Had to let you know how I feel,
Had a bunch friends, but I'ma keep it real,
Them otha chicken heads couldn't foot the bill,
But you, it's somethin' about ya baby,
What it is? I don't know
Maybe 'cause ya just right,
Wit a smile,
And you know how to get that dough,
Plus the heart for red just like Bo ("Q"),
You fill me up when I'm feelin' low,
When I'm home or out the road, no questions asked,
You know it's on as soon as I hit the door, (Fa Sho!)
And I need that on my team,
Baby you was made for me,
Had somethin' on my mind,
But forgot what it was, and that's because...

Lately, I been thinkin' 'bout you goin' crazy,
Can't go on without you in my life
It's true
What you wanna do
You can be my boyfriend
I can be your girlfriend

Ooh Wee! Look at that there,
Call me Sunny, I need my Cher,
Love A (Spring?) Redbone, with short hair,
Got his act together like a broad wit A ?,
You the only one for me, I'm the only one for you
Ain't nobody gonna take yo place,
Take a look at my Myspace page,
he the numba one person on my top eight,
Let's go somewhere
and chill,

Baby-boy got sex
Appeal,
I'ma show you how
I feel
Never met a man so real
And that's fa sho, take ma to the mall on a shoppin'
spree,
Spendin' that dough, It ain't tricky? if you got it and I
got this cheese..

Lately, I been thinkin' 'bout you goin' crazy,
Can't go on without you in my life
It's true
What you wanna do
You can be my boyfriend
I can be your girlfriend

See I want us
To be in a relationship,
Are you ready baby?
Let's go steady baby,
I want you, and if you want me to,
You Should be my boyfriend, I can be your girlfriend

Shawty, I can't waste no time,
You know you been on my mind,
In the mornin', when I sleep at night,
When I work, you there and it ain't no lie
At first I ain't wanna sweat ya,
Now I feel like I'm under pressure,
We was cool-ass friends,
Now what the deal is?
I don't know but I gots to get ya

Lately, I been thinkin' 'bout you goin' crazy,
Can't go on without you in my life
It's true
What you wanna do
You can be my boyfriend
I can be your girlfriend
See I can foot the bill,
You know I keep it real,
And when you come up off the road
You got somewhere to chill,
Make me ya lady,
You'll be my man,
It's obvious that I should be ya girlfriend!
