I don't know how or where to start  
Here we're standing again  
And I see now from where we are  
That our road has come to an end  
Though we've come this far  
I don't know why but I still can't see who you are

#### CHORUS :

I don't want you to cry  
Don't want us to say goodbye  
But I know that we're falling apart  
I don't need your lies  
And if you don't sympathise  
Tell me how will I know who you are

It's too late now  
We've gone this far  
To see what's hidden within  
Though we said that we'd never part  
Maybe I've been trying too hard  
To believe in love  
I don't know why but I still can't see who you are

#### CHORUS

Tell me how will I know who you are  
Don't worry I promise  
It's for the better  
So I think we should let it go now  
And maybe we'll find love again  
I don't want you to cry (don't want you to cry)  
But I know that (but I know that) know that we're falling  
baby  
Don't need (don't need no more lies)  
Tell me darling how will I know no oh oh  
I don't want you to cry (don't want you to cry)  
Don't want us to say goodbye (but I know that)  
But I know that we're falling apart (baby I )  
I don't need your lies (don't need no more lies)  
And if you don't sympathise (tell me darling)  
Tell me how will I know who you are

Aah oh oh  
Tell me how will I know who you are  
Oh oh ooh how will I know  
Tell me how will I know who you are...
