I heard it on the street that you were seeing someone
It knocked me off my feet; I guess I walked into that
one

I haven't even cried, now you know that's a lie
I'm tearin' up inside, this ain't easy
It's killin' me, I'm goin' crazy

I think about you every single day
Every second, every minute, every prayer I pray
To get you back in my arms
What I'd give to have you around

Every night I lie awake 'cause I can't sleep
Midnight to morning feels like a damn week
I miss you so much I can barely breathe
You are my everything, everything, everything
You are my everything, everything, everything to me

It's gonna take time to finally see things clear
Even when you're off my mind, you always reappear
I'm trying to make it through but I really need you
What can I do to get you back? I'm on my knees beggin'
please

I think about you every single day
Every second, every minute, every prayer I pray
To get you back in my arms
What I'd give to have you around

Every night I lie awake 'cause I can't sleep
Midnight to morning feels like a damn week
I miss you so much I can barely breathe
You are my everything, everything, everything
You are my everything, everything, everything to me

I'm on my knees; I'm beggin' you please
Come back to me, you're all I need
You're everything, everything, everything
I'm goin' crazy

I think about you every single day
Every second, every minute, every prayer I pray

To get you back in my arms
What I'd give to have you around

Every night I lie awake 'cause I can't sleep
Midnight to morning feels like a damn week
I miss you so much I can barely breathe
You are my everything, everything, everything
You are my everything, everything, everything to me

I'm on my knees I'm beggin' please
Come back to me, you're all I need
(Oh, you are my everything)
You're everything, everything
Everything, I'm going crazy
Everything, everything, everything to me
