Now

All my life Iâ€™ve waited  
And Iâ€™ve been afraid and  
I wondered If Iâ€™d find  
Someone to share my life

Every day I prayed and  
Every night I searched in  
Every strangerâ€™s eyes  
For some kind of sign

Me and my heart wishinâ€™ in the dark  
Tryinâ€™ to believe in a sky full of stars  
I was waiting for you  
A million empty days, too much time and space  
Every tear I cried, every lonely night  
I was waiting for you

Now here you are  
And my world is, my world is so beautiful  
Now here you are  
And my life is, and my life is so wonderful  
Now

The past seems like a dream  
Just vacancy  
How did I exist before our first kiss  
Oh I feel so lucky because I know you

Love me  
And no one ever has, like no one ever has

Me and my heart wishinâ€™ in the dark  
Tryinâ€™ to believe in a sky full of stars  
I was waiting for you  
All those empty days, all the time and space  
Every tear I cried, every lonely night  
I was waiting for you

The past seems like a dream  
Just vacancy  
How did I exist before our first kiss

Oh I feel so lucky because I know you  
Love me  
And no one ever has, like no one ever has

The past seems like a dream  
Just vacancy  
How did I exist before our first kiss  
Oh I feel so lucky because I know you  
Love me  
And no one ever has, like no one ever has
