I spent years and all of this time
Thinking I was better off cause you were mine
You always said it was your way or the highway
So I'm shiftin' my life into drive
I'm getting out, kissin' the past goodbye
Like Toby said, "How Do You Like Me Know?"
This conversation has run dry
And I keep telling myself

Ooh ooh ooh
There's more to me then you
Ooh ooh
Don't underestimate what I can do
Well I'm alright, it's ok
I know I'll make it through
Cause there's more to me then you

I'm not sayin' I'm battered and bruised
But I might as well be with the words you use
I believe in myself and that makes me stronger
Things change, so have I
I'm gonna make hay while the sun still shines
You can clip my wings, I'm still gonna fly
I'm on my own and I'm on my way
And keep telling myself

Ooh ooh ooh
There's more to me then you
Ooh ooh
Don't underestimate what I can do
Well I'm alright, it's ok
I know I'll make it through
Cause there's more to me then you

There was always something that meant more to you
then me
And I'm just sorry it's taken this for you to see

Ooh ooh ooh
There's more to me then you
Ooh ooh
Don't underestimate what I can do

Well I'm alright, it's ok
I know I'll make it through
Cause there's more to me than you
