I try to let it go  
I try to shut it out  
Cleanse it from my soul  
But it stays in place  
Like a permanent stain, yeah

All I want  
Is to tune you down  
To sleep you off  
But your memory creeps  
In and out of my dreams

And hits me like a cold, hard fist  
Why can't I get over this?

Baby, to love you once  
Baby, to love you once  
Baby, to love you once  
Is to love you forever

I can't kick your affection  
I'm sick of tryin' to  
You're like a bad addiction  
Runnin' through my veins  
You're the habit I crave, yeah

Some kinda voodoo in your eyes  
Has my head all hypnotized

Baby, to love you once  
Baby, to love you once  
Baby, to love you once  
Is to love you forever

I've come to one conclusion  
That there's just no substitution

Baby, to love you once  
Baby, to love you once  
Baby, to love you once  
Is to love you forever  
And ever, ever

One look and I was hooked  
One touch was all it took  
Your lips, your velvet skin  
Pulled me over and under and in

To love you once  
Baby, to love you once  
Baby, to love you once  
Is to love you forever
