You're kickin' tires, I'm sittin' on the fence
Love's fallin' all around us and it don't make sense
How long can the two of us beat around the bush
We're right out on the edge but we need a little push

Dancin' on the tightrope
Wearin' it thin
Instead of closin' our eyes
And jumpin' in

Do you wanna kiss?
Do you wanna kiss?
Do you wanna kiss?
Do you wanna kiss?
You go first

You're dodgin' the moon and I'm playin' it safe
Look what we're not doin', oh boy, what a waste
And what could be worse than never sayin' it at all
Is never knowin' the feelin', never feelin' the fall

What's it gonna take
To get us both there
Can't you see what I'm suggestin'
It's a double dare

Do you wanna kiss?
Do you wanna kiss?
Do you wanna kiss?
Do you wanna kiss?
You go first

You start
If you have the nerve
I'll trust my heart
But you go first

Do you wanna kiss?
Do you wanna kiss?
Do you wanna kiss?
Do you wanna kiss?
You go first

(Do you want to kiss?)

You go first

(Do you want to kiss?)

(Do you want to kiss?)

You go first

(Do you want to kiss?)
