He's acting like he sees nothing he's acting like he
hears nothing he's acting like I'm not even there and to
me that's so unfair.

He won't appreciate me till I'm gone
But he thinks it wont be for long.
Boy if you just knew that you're so wrong
I have to find a place where I belong
And I don't think it's with you
Please don't cry cause I might just cry to
It's not easy to let go
But I got to know
Do you want me to stay?
Or should it be this way
Answer the question
Or just give me a suggestion

Letting go isn't easy but hard
No matter where we are
Nor how far were apart
You'll be in my heart

Chorus
Oohh if you knew that I still care
And that I want you there
But we just don't match
We both knew it wouldn't last
It's to bad I just met you and have to say goodbye but
I'll remember our first word hi
So goodbye goodbye!

You called me cheeky
I thought you were just being teasy
But it was no joke
Why did you say that owhoa
You shoudnt judge me
But if you could only see
All we can be
Don't give me any sympathy
Cause the mouth can make you blind
Don't think with your mind
Think with your heart
It makes it a little less hard

But it's so much fun
Cause I really thought you were the one
But I'm not your type
And you're not mine.

Letting go isn't easy but hard
No matter where we are
Nor how far were apart
You'll be in my heart. (Chorus+2)

Chorus
Oohh if you knew that I still care
And that I want you there
But we just don't match
We both knew it wouldn't last
It's to bad I just met you and have to say goodbye but
I'll remember our first word hi
So goodbye goodbye!
