Some people wanna live in a big city street,
So crowded and noisy they can't hear their heart beats
Some wanna stay where they been a long time,
Others kinda like to keep moving around
But baby, I could live near or far,
Anywhere between here and some shooting star,
As long as I'm always where you are.
Cause anywhere is Paradise
When you're with the one you love,
Anywhere is a place that's nice
When you're with the one you dream of,
Anywhere is Paradise
When you're with a love that's true,
There's nowhere I'd rather be baby
Than anywhere with you
Some people wanna be where the big money is,
Some wanna be in Hollywood showbiz
Some gotta be where they know what things mean,
Others just wanna be where they can be seen
Well baby, anywhere for me will do,
Anywhere between here and the far up moon
As long as I'm always there with you
Anywhere is Paradise
When you're with the one you love,
Anywhere is a place that's nice
When you're with the one you dream of,
Anywhere is Paradise
When you're with a love that's true,
There's no where I'd rather be baby
Than anywhere with you
Your heart and mine joined together
Like hand and glove
We already found our forever,
On earth as in heaven above
So baby, anywhere will do for me
For wherever in the world
We'll ever be will always be the land of love
Anywhere is Paradise
When you're with the one you love,
Anywhere is a place that's nice when you're with the one
you dream of, Anywhere is Paradise

When you're with a love that's true,
There's nowhere I'd rather be baby
Than anywhere with you
Anywhere with you,yeah...
Anywhere with you...
