Candlelight throws a shadow on your cloudy eyes
And I, I get lost in you
Late at night I'm feeling something that I can't disguise
So I get close to you
Well I can't believe that you and I never came to this
All those nights with you right by my side waiting for
one kiss

Do you believe in miracles?
Can you feel it when I'm close to you?
Baby do you believe? I believe in you

Here we are, drifting slowly on a mornig star
And I hope it never ends
Well I can't believe that you and I never came to this
All those nights with you right by my side waiting for
that kiss

Do you believe in miracles?
Can you feel it when I'm close to you?
And baby do you believe? I believe in you

Do you believe we can change the world?
All we need is a love that's true
And baby do you believe? I believe in you

You hold the key to my world in your hands
(Right in your hand)
Between a woman and a man
Do you believe in miracles?

Do you believe in miracles?
(Do you believe in a miracle?)
(Can you feel when I'm close to you?)
You know my heart beats in time with the things you do

Do you believe we can change the world?
All we need is a love that's true
And baby do you believe? I believe in you

Oh, baby do you believe? I believe in you
