You just turned and walked away
Out of my life, what can I say?
When you just turned and walked away
Guess there ain't nothing I can say

Oh I remember clearly, it was a Saturday
You said you've heard about me
(I said)
You know it ain't true baby, it's your suspicious mind
There ain't no mystery

I've done some stupid things
I've had some crazy thoughts
But I would never lie
Oh baby I've tried to make you see
I want you with me

You just turned and walked away
Out of my life, what can I say?
When you just turned and walked away
Guess there ain't nothing I can say

I swear to God I love you - I'd swear to anything
Ain't nothing I won't do
You don't know how I tried, to make you understand
What you have heard ain't true
Oh no

Oh I remember clearly,
you let them filthy lies come in and change your life

Baby I've tried to make you see
I want us to be - for eternity

You just turned and walked away
Out of my life, what can I say?
When you just turned and walked away
Guess there ain't nothing I can say

Oh baby I've tried to make you see
I want you with me, with me, with me

Oh baby
Got nowhere to run, got nothing to hide
There is no love that is stronger than mine

Got nowhere to run
Got nothing to hide
Don't you know love is stronger than pride

You just turned and walked away
Out of my life, what can I say?
When you just turned and walked away
Guess there ain't nothing I can say
