Chances go by
Day after day
Can't hold it back much longer
These are the words,
I've wanted to say
Now you'll know, baby
Oh baby

I'm falling in love
What else can I do?
Deep in my heart,
it's all I've wanted
Falling in love
And I've been a fool,
to deny,
I'm falling in love with you

I'm loosing my mind,
it's plain to see
I shiver when you move closer
And if you see,
the changes in me
Now you know, baby
Oh baby

I'm falling in love
What else can I do?
Deep in my heart,
it's all I've wanted
Falling in love
And I've been a fool,
to deny,
I'm falling in love with you

I'm falling in love
What else can I do?
Deep in my heart,
it's all I've wanted
Falling in love
And I've been a fool,
to deny,
I'm falling in love with you

(Oh baby)
Not asking you to take a stand
No need to try out any plan
Whatever you decide to do,
I am falling in love with you

I'm in love with you,
and what else can I do?
You're all I've wanted
Baby, baby you
Love with you
And I've been a fool,
to deny,
I'm falling in love with you

I'm falling in love
What else can I do?
Deep in my heart,
it's all I've wanted
Falling in love
And I've been a fool,
to deny,
I'm falling in love with you

I'm falling in love
What else can I do?
Deep in my heart,
it's all I've wanted
Falling in love
And I've been a fool,
to deny,
I'm falling in love with you
