To be or not to be
It doesn't mean that much to me
Kiss me and set me free
You can do that, you can do that
So what's it gonna be?
Real love or poetry
Kiss me and set me free
You can do that, you can do that
But if you treat me like a dog
I'll be leapin' like a frog
If you ever let me down
You will lose me baby
I am sure of what I want
Tell me what to do
Should I love you like a fool
Or should I stop and play it cool
What is good enough for you
To make it happen
Let me stay or let me go
Either way I got to know
What is good enough for you
To make it happen
What about you, you, you
Come on inside
It's drivin' me crazy
Am I alone to feel this way
Come on inside
Tell me I'm wasted
Or show me that I'm the one to
Love you like a fool
