The bean
Was mean
It made me have gas
Next time
I'll pass
When someone offers one to me
Believe
When your bean talks
Maybe even walk
I warn you
Don't tie your shoe
Cause the bean
That is mean
Will make you have gas
So pass
When someone offers one to you
The duck will moo
Little baby feen
Once ate a mean bean
He went to fart
This is the sad part
He exploded
'Cause the bean was fully loaded
Don't eat a bean
That is mean!
