My prayers are my only salvation  
This beat up old Mustang's my bed  
The words of anger you cried out to me  
Cause the pounding inside of my head

I'm all alone in this tunnel  
Of hurting and sadness and rage  
And the light at the end's getting darker  
As my life turns another blank page

CHORUS:

All I can hear is the sound of your voice  
It echoes inside of my mind  
And why our love grew so far apart  
Is one reason I can't seem to find  
This empty street only gets longer  
As it sadly calls out my name  
I'm taking a trip down roads unknown  
From Heartbreak Avenue to Memory Lane

I try to make the headlights shine brighter  
To help me find my way  
But nothing will work, no light can I find  
For the night just won't turn into day

CHORUS
