Didn't speak in a week  
And I didn't even notice that you're missin'  
'Cause I'm not even missin' you  
It's like  
I'm already movin' on while we're still hanging on  
To something that's already gone  
So gone

I'm looking for excuses to escape the inevitable  
Using every reason to make myself unreachable  
So I  
Don't have to tell you what you already know  
'Cause you already know what this is gonna go

Can't stop the clouds from forming  
Can't stop the rain from falling  
Can't make my heart feel something it won't  
Pretend I feel love when really I don't

'Cause we're headin' headin' headin'  
For armageddon 'geddon 'geddon

(We're headin' headin' headin'  
For armageddon 'geddon 'geddon)

Don't remember you being so sensitive  
Now every word that I say gets you worked up  
Then you feel hurt and went all silent  
You take it personal  
But it's not personal  
You're so emotional  
Gettin' uncontrollable

Go 'head and throw the phone against the wall  
When I call just to pick up the pieces  
And come back on your knees  
Hopin' that I'll forgive you, but I can't forget  
And as hard as we're trying, now there's just nothing  
left

Can't stop the clouds from forming  
Can't stop the rain from falling

Can't make my heart feel something it won't  
Pretend I feel love when really I don't

'Cause we're headin' headin' headin'  
For armageddon 'geddon 'geddon

We're headin' headin' headin' (Headin' headin')  
For armageddon 'geddon 'geddon

You wish you could rewrite the story  
Give it a happy ending  
You had me good in the beginning  
But my feelings changed, I'm sorry  
I didn't see this coming  
Don't put this on me, our time is up  
I don't want a fuss  
This is hard enough

So save yourself, save yourself, hey  
Before we self destruct

Didn't speak in a week  
And I didn't even notice that you're missin'  
'Cause I'm not even missin' you  
It's like  
I'm already movin' on while we're still hanging on  
To something that's already gone  
So gone

I'm looking for excuses to escape the inevitable  
Using every reason to make myself unreachable  
So I  
Don't have to tell you what you already know  
'Cause you already know what this is gonna go

Can't stop the clouds from forming  
Can't stop the rain from falling  
Can't make my heart feel something it won't  
Pretend I feel love when really I don't

'Cause we're headin' headin' headin'  
For armageddon 'geddon 'geddon

We're headin' headin' headin'  
For armageddon 'geddon 'geddon

We're headin' headin' headin'  
For armageddon 'geddon 'geddon

(We're headin' headin' headin'  
For armageddon 'geddon 'geddon)
