Make a wish
Make a wish
Boy you're so delish
Why you standing there when we could get ish
Get ish, get ish

Now we take it low
DJ got us moving on the floor
Give you a little and now you're coming back for more
Yeah I know, yeah I know
You like the way I glow

Move it fast
Move it slow strobe
Make it look vogue
Got your eyes on my glow

We shut it down all around the globe
Everyone tries but they can't get close
Turn off the lights no matter where we go
We glow

Going from dust to dawn like a halo
Check out my body so magical
Turn off the lights no matter where we go
We glow

I like the way we glow
You like the way we glow
I like the way we glow
You like the way we glow

Make a wish
Make a wish
Boy you're so delish
Why you standing there for we could get ish
Get this

It's cool, we are startin to get hot
I bring the heat, if you're ready or not
What'cha got, stop drop, and watch me while I rock

How I rock, rock candy, sugar on top

I'm unconventional
Three dimensional
Starting head to toe
Can't take your eyes off my glow

We shut it down all around the globe
Everyone tries but they can't get close
Turn off the lights no matter where we go
We glow

Going from dust to dawn like a halo
Check out my body so magical
Turn off the lights no matter where we go
We glow

I like the way we glow
You like the way we glow
I like the way we glow
You like the way we glow

Glowing like the bass on the dashboard
Promise you'll be with me, you won't get bored
Know me when you see me on a billboard
So if you go with me you'll get an encore
Glowing like the sky on July 4th
Imma make you queue, all the boy charts
Meet me 'cause you can't see me on the dance floor

We shut it down all around the globe
Everyone tries but they can't get close
Turn off the lights no matter where we go
We glow

Going from dust to dawn like a halo
Check out my body so magical
Turn off the lights no matter where we go
We glow

I like the way we glow
You like the way we glow
I like the way we glow
You like the way we glow

Make a wish
Make a wish
Boy you're so delish
Why you standing there when we could get ish
Get ish, get ish

Now we take it low
DJ got us moving on the floor
