Oh no, not now, Oh no not ever, Oh not not now, Oh no
not never

My arms can't wait to hold you
My lips can't wait to kiss
You better hurry up boy
You don't know wot you missed

I don't wanna loose this feeling please don't walk away
I don't wanna loose this feeling I miss you every day

Repeat twice

Oh no not now, oh no not ever, oh no not now, oh no not
ever

My heart is in your hands now
My eyes are stuck on you
I want to be your lover
I hope you like me too

I hope you understand
How lonely life has been
Before you came my way
All I did was dream

I don't wanna loose this feeling please don't walk away
I don't wanna loose this feeling I miss you every day

Repeat once
