Is this it baby, are you out of my life
Is this it baby, it scares me when you're mad
I did all I could for you there's nothing left inside me
I gave my heart and soul to you, I let you lay beside me
I did all that I could for you, and now all I wanna see
Is a smile on your face

Is this love baby, are you through with me yet
In this great big world you know I've never had a
chance

I did all that I could for you there's nothing left inside
me
I gave my heart and soul to you, I let you lay beside me
I did all that I could for you, and now all I wanna see
Is a smile on your face

Is this love baby, are you out of my life
