hate has brought me up
the stairs into your house
i'll not let hate be the one
to make me naked for you

my self-esteem
is heating up the room
you're intimidating as all hell
but i ain't scared of you

i know how you work
i am just like you
no matter what you say
our hearts are wrong
our hearts are wrong

love has brought me down
like love's been known to do
i try to deny with all my heart
that i'm in love with you

i don't really care
you knew that's what i'd say

the only time i miss you
is every single day

i know how you work
i am just like you
no matter what you say
our hearts are wrong
our hearts are wrong

our hearts are wrong
our hearts are wrong

i know how you work
i am just like you
no matter what you say
our hearts are wrong
our hearts are wrong

our hearts are wrong
our hearts are wrong
