Now, now we could just exchange numbers but then  
that be boring  
Come an' sit front row in the range  
'Cause I'm flooring it  
Tryin' getcha away from the crowd go exploring  
I could have you wide open like new territory  
I may not be Columbus but I stumbled upon something  
kinda wondrous  
Your body plus my body means somebody's getting  
comfortable  
I'm talking slick, but I ain't playing one touch I'll have  
you out of this world like I'm alien

I'm gonna love you, love you, like, like, I'm from  
overseas  
I'm gonna love you, love you, like, like, you ain't ever  
seen  
Let me give you a warning, your body I'll be touring  
Like no other woman, I love you like I'm foreign  
Let me have that baby, let me have that  
Let me have that baby, let me have that  
If you can hold it then baby you can grab it  
If you can grab it then boy you better claim it

Now I can get you 100 degrees, have you baking  
If you like it chilled, get you cooler than a penguin  
Whatever you like, serve it up, where's my apron  
If you roll the dice, I'll invite you in the playpen  
You ain't gotta lie, let's be clear, I know you're new to  
this  
It's your first time in the presence of a goddess

I won't steer you wrong, come along for the ride boy  
You can have the treasure, if you're man enough to dig  
for it

I'm gonna love you, love you, like, like, I'm from  
overseas  
I'm gonna love you, love you, like, like, you ain't ever  
seen  
Let me give you a warning, your body I'll be touring  
Like no other woman, I love you like I'm foreign

Let me have that baby, let me have that  
Let me have that baby, let me have that  
If you can hold it then baby you can grab it  
If you can grab it then boy you better claim it

I can feel the chemistry between you and me  
And it's so unique I just can't shake it babe  
And I can't put my finger on it, but I wanna put 'em on  
you  
'Cause I know you and me belong, so let's do what we  
came to do

I'm gonna love you, love you, like, like, I'm from  
overseas  
I'm gonna love you, love you, like, like, you ain't ever  
seen  
Let me give you a warning, your body I'll be touring  
Like no other woman, I love you like I'm foreign  
Let me have that baby, let me have that  
Let me have that baby, let me have that  
If you can hold it then baby you can grab it  
If you can grab it then boy you better claim it
