(Robotic Voice)

I was on my way to the back of the club, when I saw you  
there backin' it up,  
So baby girl I wanna make you love (Electric),  
I wanna make you love,  
I was always tired kickin' all that game,  
And I just want to know if you feel the same,  
Baby girl I wanna make you love (Electric),  
I wanna make you love.

(Verse 1)

I get this feeling there's something you want to say to  
me,  
Baby your just carefully contemplating what to say to  
me,  
I think you already know I've got my eye on you,  
Keep tryna hide but it shows in everything you do,  
Don't hear you say little things like im so beautiful,  
Telling me your feelings and how you never felt like  
this before,  
No need to get complicated, im not that kind of girl,  
Show me you're honest and simple and we'll just  
take it slow.

(Chorus)

(Robotic Voice)

I was on my way to the back of the club,  
When I saw you there backin' it up,  
So baby girl I wanna make you love (Electric),  
I wanna make you love,  
Always tired of kickin' all that game,  
I just want to know if you feel the same,  
So baby girl I wanna make you love (Electric),  
I wanna make you love.

(Jessica)

Oh, oh, oh, oh, oh im gonna make you love, I wanna  
make you love  
Oh, oh, oh, oh, oh im gonna make you love, I wanna  
make you love.

(Verse 2)

At least you've been telling your friends about the

other day,  
Asking them questions about if it's real or just a  
game,  
No need to worry I got ya, I gotcha all the way,  
Don't try to rush it its cool, it's all good,  
I can feel my heart jumpin', jumpin' all the time my  
phone rings,  
Always im checking the messages for the love thing,  
Boy don't get to excited just because im so excited,  
Don't think you have it so breezy im not easy but easy.

(Chorus)

(Robotic Voice)

I was on my way to the back of the club,  
When I saw you there backin' it up,  
So baby girl I wanna make you love (Electric),

(INSTRUMENTAL MAN SINGING)

Gum drop, gum drop, gum drop, gum drop, gump  
drop and switch it up,  
Two step, two step, two step, two step, two step now  
switch it up,  
Work it out, work it out, work it out, work it out, work it  
out then switch it up,  
Take it back, take it back, take it back, take it back,  
Take it-take it-take it-take it--

(Chorus x2)
