Saturday, Saturday, S-S-S-Saturday, Saturday x2

I got my cup filled up, all the way to the brim, brim,
brim, brim

Black on black Cadillac with the custom trim, trim, trim,
trim

Smoke fillin' up my lungs and I'm blowing blubble,
blubble, bubble, blubbles

It's Saturday night, let's get in trouble, trouble, trouble,
trouble

So it's about to go down, me and my girls bout to run
this town

So where we're planning to go, don't matter cause we
gon' take control

Now we got the hair done, got the pink and whites,

And we're off, gonna see what what the fellas are like

Got the top dropped down on the DB9

Pushing 90 on the freeway so we gon' make good time

Yeah we gon' ride, ride, ride, on a Saturday night

All the girls they just hatin' because they know we that
tight

Bout to get it poppin, bout to take a spotlight

So we ride, we ride, on this Saturday night

We on, we on fire, we roll, we roll higher,

We ride, we ride flyer then you, we ride, we ride X2

They goin' high heel shoes, me and my girls rocking
Jimmy Choo's

They think that benzel's fun, we roll out like we're the
girl James Bond

Now we got the hair done, got the pink and whites,

And we're off, gonna see what what the fellas are like

Got the top dropped town on the DB9

Pushing 90 on the freeway so we gon' make good time

Yeah we gon' ride, ride, ride, on a Saturday night

All the girls they just hatin' because they know we that
tight

Bout to get it poppin', bout to take a spotlight
So we ride, we ride, on this Saturday night

We on, we on fire, we roll, we roll higher,
we ride, we ride flyer then you, we ride, we ride X2

You see we ride, we go, and we, rock, we roll
And we pop lock and I drop the top, I hit a switch and
the wind go low
And my mission for tonight is just to get into some
action
Wake up tomorrow morning and not even know what
happened

Yeah we gon' ride, ride, ride, on a Saturday night
All the girls they just hatin' because they know we that
tight
Bout to get it poppin, bout to take a spotlight
So we ride, we ride, on this Saturday night

We on, we on fire, we roll, we roll higher,
we ride, we ride flyer then you, we ride, we ride X2
